*Early bird applications due by 5/4/12.

How to Apply
Please visit our website at www.csd.uconn.edu and select UCPREP. You may complete the application on-line or print it and mail it to the Center. The application process is explained in detail on our website. If you have any questions, please contact Jackie Santiago, UCPREP Coordinator, at ucprep@uconn.edu.
UCPREP is a six day summer residential program for high school students with disabilities who plan to attend college. Participants will be involved in numerous academic and personal skills sessions and social opportunities on the UConn (Storrs) campus.

**Program Goals**

- Acquire a broader knowledge of college life, expectations and responsibilities.
- Gain a better understanding of your academic and personal strengths and needs.
- Understand your rights and responsibilities as a student with a disability.
- Learn the skills to become an effective self-advocate.
- Create an individualized college transition plan that will assist with planning, preparation and adjustment.

**Focal Points**

- Self-Awareness
- Self-Advocacy
- Transition and Planning
- Communication Skills
- Learning and Reading Strategies
- Writing Skills
- Organization and Time Management
- Goal Setting
- Learning Technologies
- Problem Solving
- Extracurricular Involvement

**What did you learn during UCPREP?**

“Always go to class and take notes, use instructor office hours, make sure you use accommodations and request them early in the semester”. - UCPREP 2011 Participant
